Press Release

Blue Chip Juniors Selected as an Official Qualifying Tournament for SuperCopa+ (U13-U16 Boys & Girls)

July 28, 2021

After a successful inaugural year as an Official Qualifying Tournament for the Premier SuperCopa (U9-U12 Boys & Girls), U90C Sports is pleased to announce it has selected Kings Hammer Soccer Club's Blue Chip Juniors to also be an Official SuperCopa+ (U13-U16 Boys & Girls) Qualifying Tournament. Located in Cincinnati, OH, the Blue Chip Juniors tournament will now provide not only U9-U12 Boys and Girls teams in the region the opportunity to earn acceptance into the National invitation only Premier SuperCopa tournament played in June each year, but also U13-U15 Boys and Girls teams for the SuperCopa+ tournament played over Memorial Day weekend.

"We are excited to expand on our relationship with the Blue Chip Juniors event as an official Premier SuperCopa qualifying tournament and offer a qualifying pathway to our SuperCopa+ event", said Beau Jaussi, U90C Sports CEO & Selection Committee Chairman. "The team at Kings Hammer has been great to work with. We are confident they will continue to display their ability to professionally represent team selections in each age group of the Premier SuperCopa and SuperCopa+ from the Midwest region", added Jaussi.

The Blue Chip Juniors will be the 1st ever Qualifying Tournament for SuperCopa+. It also remains one of only two qualifying events for Premier SuperCopa, with the League Challenge Cup – Fall in Dallas, Texas being the only other official qualifier in the US.

The Premier SuperCopa and SuperCopa+ team selection process is extensive and begins in September each year. A full-time staff researches and evaluates teams and team applications from across the US, Canada, Mexico, and other countries to identify the top competition in the U9-U12 (Premier SuperCopa) and U13-U16 (SuperCopa+) age groups for both Boys and Girls. Premier SuperCopa is limited to the top 192 teams identified to compete for the championship and SuperCopa+ limited to the top 128 teams identified.

"Kings Hammer Soccer Club and the Blue Chip Juniors is very excited and honored to partner with U90C Sports and specifically SuperCopa+ and the Premier SuperCopa", said Dave McIver, Kings Hammer Sr. Director of Events. "Premier SuperCopa is one of the top youth events in the country and we have no doubt that SuperCopa+ will also be at that level. As we continually strive to

improve and expand our event offerings and experiences, partnering with the Premier SuperCopa adds an exciting element to our Blue Chip Juniors."

ABOUT KINGS HAMMER/BLUE CHIP JUNIORS

Kings Hammer Soccer Club, which was founded in the Greater Cincinnati/Northern Kentucky area, has become one of the most recognizable youth soccer clubs in the Midwest Region of the United States, including the recent expansion into central Kentucky.

The club provides appropriate training of soccer at every level. Players, coaches, staff, parents contribute directly to the positive environment at Kings Hammer Soccer Club. From developing collegiate, professional and national team level athletes to providing all players the opportunity to love the game, the development structure services all skill levels.

For more information, visit KingsHammer.com.

The Blue Chip Juniors was designed to be a club-friendly event and an extension of our Nationally recognized Blue Chip College Showcase (which brings in over 500 teams and 500 college coaches each year). Played in October each year, the Blue Chip Juniors was established to meet specific goals in player and club development by making the event inclusive to all levels of teams from clubs across the US and internationally. Our goal is to make this a destination event that clubs want to bring all their teams to participate in each year. For more information visit:
